## **BABY CHEF BY GUARDINI. SPACE FOR THE SMALLER ONES IN THE KITCHEN**

Different shapes and colors: Guardini created a really special zoo for the small chefs out there. Oven and freezer moulds, with non-stick surface and temperature-resistant (+260°C and -40°C) to assure total safety in the kitchen. What a pleasure to eat a slice of homemade cake and children know this well: let your creativity loose, especially that of your children. Worried about kitchen mess? Worry no more. Guardini moulds are easy to use. The cake comes out perfectly without breaking. And Baby Chef moulds can be stored easily anywhere because they can be folded, rolled up or crushed. When you take them out again they pop back into shape. They are easy to clean and are dishwasher safe.

Baby Chef moulds can be used in traditional ovens, microwave ovens, in the refrigerator and freezer.
