

FETTEXFETTE. IN THE KITCHEN WITH CREATIVITY

You love cakes but just one flavor isn't enough for you? Then try fettexfette®, the new silicone cake mould *Forme Golose®* by Guardini.

Thanks to the innovative solution studied by the designer Matteo Ragni for Guardini, you can now prepare your cakes with lots more creativity.

Create whatever you want in the kitchen: fettexfette® resists in the oven up to 260° C, in the freezer up to -40° C and can even be used in the microwave.

Children will love it and cake-lovers won't be able to resist!!!

10 slices to make thanks to this innovative pre-sliced cake mould ...a slice of chocolate cake, a slice of vanilla cake, lots of slices to make and serve without being afraid of messing up the cake!!!!

Orange or green ... choose the mould that better matches your kitchen!!

fettexfette® is totally Made in Italy.

fettexfette® is the official gadget of the Eurochocolate trade fair in Perugia.

It can be found in large-scale retail trade and in specialized stores. Retail price: from 16€.

Guardini is creativity and technology. Thanks to its 23 product lines and 50 years experience Guardini is a leader in the sector for their tradition and quality in the production of oven moulds.
